

Seven days of fun, friends, little sleep and an incredible number of impressions. For those who are not yet completely convinced, we have collected 10 great reasons why it is worth going to Eurocamp22:

1. It only takes place every four years.
2. It is the largest camp of WFIS Europe.
3. You are at an event where your parents won't say no either.
4. You can learn a lot about other scout organizations and scout traditions and see that scouting is very diverse and colorful.
5. You can get to know new friends and meet old acquaintances.
6. There are a least a million impressions from the trip to Austria and from Austria.
7. You can give Corona a kick in the ass and enjoy the scouting life extensively in large groups.
8. With the program you can let off steam and see a lot of new things.
9. You can end the day with your friends every evening by the campfire.
10. You are part of something very big and wonderful. We are looking forward to it so much.
